

## **Wednesday, May 8, 2024**

Time: 3:00 - 4:00 pm

Venue: Melbourne Connect

### Meeting Attendees:

- Mario Andres Munoz Acosta
- Kaifan Ouyang
- Xuheng Li
- Yuqian Xie
- Harsh Mangla

### Discussion Points:

1. Progress on our first draft of the data analysis.
2. Discussion of possible ways to access more datasets.
3. Review of our project status report.

### Action Items:

- Confirm if Kristy's PhD student can provide a larger dataset related to milking.
- Contact Lyle Horizon's technical support, sales, or delivery team to request additional datasets or documentation.
- Explore open-source datasets.

### Next Steps:

- Continue searching for relevant papers.
- Search for open-source datasets.
- Prepare a video presentation and a written report about our recent progress.
